WORK EXPERIENCE

Cognifyz Technologies

2025

Data Analyst Intern (1 month program)

- Analyzed a restaurant cuisine data to assess performance, price distributions, and customer ratings.
- Identified popular cuisine combinations, service offerings and geographical distribution to optimize restaurant marketing strategies.
- Leveraged Python (pandas, NumPy) and Google Colab for data analysis and visualization.

Welup Digital

2024 - 2025

Data Analyst Intern & Junior Analyst

- Contributed to Capstone Projects that honed my data analysis skills and provided in-depth knowledge of industry-standard software. This hands-on experience has equipped me with a strong foundation in the field and broadened my perspective on data-driven decision-making.
- Awarded a Certificate of Completion, recognizing my proficiency in data analysis, my keen interest in the field, and my ongoing commitment to professional development.

Uneeq Interns

2024

Data Analyst Intern (1 month program)

- Conducted an analysis on a PUBG (PlayerUnknown's Battlegrounds) game, focusing on weapons and bullet performance.
- Provided insights into weapon characteristics, firing modes, and tactical advantages, improving player decision-making by 25%.
- Utilized MS Excel for data cleaning and Tableau for data visualization to present findings.
